On January 8, 2024, Mr. Sampson reported to the probation office as directed. A random drug test was collected, which tested presumptive positive for methamphetamine. The sample was sealed in front of Mr. Sampson and sent to Abbott Laboratory for confirmation. Results were received from Abbott Laboratory on January 16, 2024, confirming a positive reading for methamphetamine. Mr. Sampson denies drug use.

The U.S. Probation Office respectfully recommends the Court incorporate the above violation with the violation previously submitted to the Court, and uphold the summons issued on January 2, 2024.

I declare under penalty of perjury that the foregoing is true and correct.
